

Dynalite System Integration

DDNG-BACnet J-8025 Platform N4

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

Product data

Dynalite System Integration

General Information

Remarks Please download the Lighting - Product Data Sheet for more information and ordering options

Application Conditions

Ambient temperature range -20 to +50 °C

Product Data

Full product code 871869688835300

Order product name DDNG-BACnet J-8025 Platform N4

EAN/UPC – product 8718696888353

Order code 88835300

SAP numerator – quantity per pack 1

Numerator – packs per outer box 1

SAP material 913703247009

SAP net weight (piece) 403.000 g
